

“S” is for Sheep & Spider Web Roses

Stitch count: 53h x 53w – approx. 4”h x 4”w stitched over 2 threads on 28ct Clay Cashel linen from Zweigart (#3281-715)

- Rainbow Gallery Fibers - 1 card each**
- E837 Elegance™ Sea Green – 1 strand (or 2 ply S837)
 - M829 Mandarin Floss Lite Sage – 2 ply
 - ✱ M898 Mandarin Floss Dark Taupe – 2 ply
 - AP51 Petite Alpaca White – 1 strand
 - ▲ SK28 Sparkle! Braid Shimmer Violet – 1 strand
 - * S1068 Splendor® Pale Maize – 2 ply

After completing all cross stitches, use 1 strand of AP51 White Alpaca for the woven spider web rose stitches. Make the larger ones first; then fill in any spaces with small ones until you get the effect you want.

Spider Web Roses

Stitch a base of 5 “legs” beginning with a “Y” then adding the other two legs. With the same length of thread, come up near the center and begin weaving over and under the leg stitches – always keeping your threaded needle on the surface. Weave around and around until you get the legs filled in. The small ones take a bit of effort to get the weaving to lay flat; just be patient

NOTE: Grid lines in stitch diagram represent one thread of your evenweave or linen fabric.
