\*Two cards

1. Draw the outline of the mini stocking on 18 ct. mono canvas. Find the top center of the stocking. Drop down 15 threads. This will be the "o" position on the chart. Pattern repeat is shown by x's. The pattern consists of straight stitches over 6 threads with a 3 thread step up/down. NOTE: If you want the Flair to have more color strength, do each stitch twice. I did that on the darkest purple but not on any other color.
