Plastic Canvas Metallic Yarn by Rainbow Gallery

6 yds — #1 Gold

3 yds — #5 (Christmas Red) or #4 (Christmas Green) or #6 (Royal Blue)

1 yd — #10 White Pearl

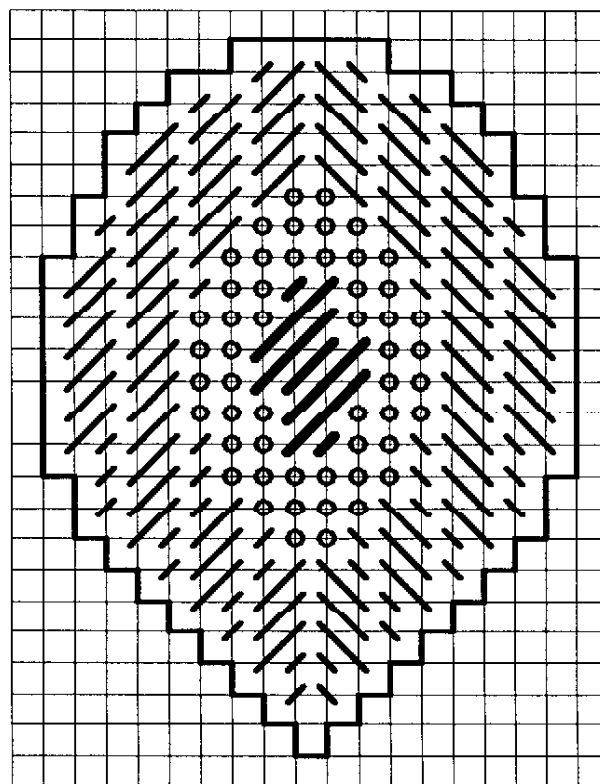

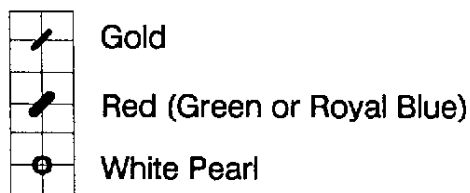

OPTIONAL MATERIAL

9" of ¼" and 3" of ⅛" Bedford Bendable™ Ribbon (Majestic Red, Green or Blue)

Small amount of batting or stuffing

Glue Gun (Crafty Magic Melt Low Temperature Glue Gun from Ad Tech used in this project)

Add sparkle to your holidays with these stunning metallic ornaments. Decorate your home, and share with your friends as special gifts. For variety, change the red to green or royal blue.

1. Trim canvas pieces according to dark outer lines of pattern, making two identical pieces for each ornament.
2. Work the Gold portions in Slanting Gobelin Stitch as indicated on chart, being careful to note the direction of the stitches. Work the Pearl section in Half Cross Stitch and the center "jewel" area in long diagonal stitches as indicated on chart. Be careful in stitching so that the yarn does not twist but lays flat on the canvas. Weave in all ends securely on the back side.
3. Place the two stitched pieces back to back and sew together using the Overcast Stitch. When the overcasting is about half done, begin stuffing with small bits of batting or stuffing. Finish overcasting.
4. Form a bow from the ¼" ribbon and use the ⅛" ribbon to wrap around it securing the knot. Clip ends, and glue to the top of the ornament. Cut an 8" length of red (green or blue) metallic yarn, form into a loop and glue to the top back side of the ornament for a hanger.
