Glue Gun
Worsted weight yarn—8 yds (beige)

Plastic Canvas Metallic 7 by Rainbow Gallery

7 yds—PC3 Copper
5 yds—PC7 Yellow Gold
3 yds—PC5 Red
3 yds—PC11 Black

Precious Metals mini garland by Rainbow Gallery

2 yds—PM4 Bronze OR alternately
PC21 Bronze Plastic Canvas Metallic 7

FEATHER—Cut 7 pieces

1. Cut one piece, 25 holes x 25 holes, for body and 7 pieces, 6 holes x 19 holes, for tail feathers. Trim all pieces according to dark outer lines of chart.
2. Work tail feathers in Continental, overcasting metallic portions with Yellow Gold and yarn portions with beige. Work head, chest, wattle and feet of turkey in Continental. Work wings in long slanted stitches using the Precious Metals; overcast wing edges at the same time. Work main part of body in Slanting Gobelin, noting the direction of the stitches. Overcast head and feet with Yellow Gold and body with Copper. Make French Knots for eyes and take straight stitches with Copper for beak.
3. Using beige yarn, tack the feathers together at the point in the narrow end marked by a small dot.
4. Fan out the feathers and put a dab of glue on each feather near the asterisk, placing the top of the head just under the bottom black row of the center feather.
5. To make a napkin holder cut a strip of plastic canvas about 1" x 6". Overcast 1" ends together and glue to back of turkey.

Photocopying of this design is invited.
