FLOSS NOTE: There are 6 Pomegranate Christmas stocking patterns. I've created 12 stockings--6 using just one color floss and 6 more using 3 colors of floss-- same pattern-- to show you the fun things can be done with these designs. Please feel free to select colors that match your Christmas dishes if you are using them as utensil/napkin holders. It takes approximately 1-2 "skeins" of floss for each of the solid color stockings and will vary for the 3 color ones. The ornaments will also vary. PLUS, if you are finishing the stockings and ornaments with matching cording you will need even more skeins.

BE CREATIVE!

**Find Christmas print backing fabric and match the Rainbow Gallery Silk Lame' Floss colors to the fabric!

**Create mini stockings for Gift Cards.

MERRY CHRISTMAS! Karen & Sally
