Stitch horizontal straight gobelin over 4 threads starting with the red thread and continuing with the white and blue (#4-6). Work the design in quarters, turning the canvas one quarter turn each quarter.
- Leave 4 empty threads between the center star motif and the border (see master chart). Each star in the border is worked as individual star. First work the red stitches (#1-6), then the blue stitches (#7-12) with the white stitches (#13-16) worked last. The stitches on the diagram are numbered in the order and color used.
