#### Finished Size-4" x 4"

1. Outline-Before mounting your canvas on stretcher bars trace bold square outline above onto canvas with marker.
2. With FT32 start at top left corner one thread below outline and begin to put in horizontal grid lines. These are done in a darning pattern of over two threads and under four threads. Complete all horizontal rows then complete grid with vertical rows filling in entire shape. See chart for placement.
3. Place a Squared Daisy Stitch in the top right corner using SP300 and continue in a diagonal row to the bottom. At the top skip a row and continue filling in outline with Squared Daisies. See chart for placement.
4. In open rows attach Stars with bead using M877 threaded in a beading needle.

*Surprise, this ornament will "Glow In The Dark"*
